## MTSU Clean Energy Initiative Project Funding Request

There are five (5) sections of the request to complete before submitting.

| 1. General Information                           |                           |
|--|---------------------------|
| Name of Person Submitting Request Jeff McConnell |                           |
| Department/Office Facilities Services            | Phone # (Office)898.5883  |
| MTSU Box # 0032                                  | Phone # (Cell)            |
| E-mail   | Submittal Date 09/27/2019 |

| 2. Project Categories (Select One)                   |                                |                          |                    |
|--|--------------------------------|--------------------------|--------------------|
| Select the category that best describes the project. |                                |                          |                    |
| <input checked="" type="checkbox"/>                  | Energy Conservation/Efficiency | <input type="checkbox"/> | Sustainable Design |
| <input type="checkbox"/>                             | Alternative Fuels              | <input type="checkbox"/> | Other              |
| <input type="checkbox"/>                             | Renewable Energy               |                          |                    |

| 3. Project Information   |  |
|--|--|
| a. Please provide a brief descriptive title for the project.   |  |
| b. The project cost estimate is the expected cost of the project to be considered by the committee for approval, which may differ from the total project cost in the case of matching funding opportunities. Any funding request is a 'not-to-exceed' amount. Any proposed expenditure above the requested amount will require a resubmission. |  |
| c. List the source of project cost estimates.  |  |
| 3a. Project Title: Install a turbine-type flow meter to monitor the cooling costs for the new science building   |  |
| 3b. Project Cost Estimate \$10000  |  |
| 3c. Source of Estimate   |  |
| Vendor estimate  |  |

#### 4. Project Description

(Completed in as much detail as possible.)

- a. The scope of the work to be accomplished is a detailed description of project activities.
- b. The benefit statement describes the advantages of the project as relates to the selected project category.
- c. The location of the project includes the name of the building, department, and/or specific location of where the project will be conducted on campus.
- d. List any departments you anticipate to be involved. Were any departments consulted in preparation of this request? Who? A listing may be attached to this form when submitted.
- e. Provide information for anticipated future operating and/or maintenance requirements occurring as a result of the proposed project.
- f. Provide any additional comments or information that may be pertinent to approval of the project funding request.

##### 4a. Scope: Work to be accomplished

###### **Purchase and install flow meter**

Purchase turbine-type flow meter and install in chilled water lines at new science building.

##### 4b. Scope: Benefit Statement

With this flow meter we can monitor the energy cost of heating/cooling system at the science building.

| <b>4. Project Description (continued)</b>  |
|--|
| <b>4c. Location of Project (Building, etc.)</b><br><br>New Science Building  |
| <b>4d. Participants and Roles</b><br><br>Wimberly Sales Company... purchase instrument<br><br>Engineering Services... evaluate purchase and manage installation<br><br>Energy Services... install instrument with contracted labor |
| <b>4e. Future Operating and/or Maintenance Requirements</b><br><br>Typical operations and maintenance of meter. Monitoring of data for analysis.   |
| <b>4f. Additional Comments or Information Pertinent to the Proposed Project</b><br><br>n/a   |

**5. Project Performance Information**

Provide information if applicable.

- a. Provide information on estimated annual energy savings stated in units such as kW, kWh, Btu, gallons, etc.
- b. Provide information on estimated annual energy cost savings in monetary terms.
- c. Provide information on any annual operating or other cost savings in monetary terms. Be specific.
- d. Provide information about any matching or supplementary funding opportunities that are available. Identify all sources and explain.

5a. Estimated Annual Energy Savings (Estimated in kW, kWh, Btu, etc.)

5b. Annual Energy COST Savings (\$)

5c. Annual Operating or Other Cost Savings. Specify. (\$)

5d. Matching or Supplementary Funding (Identify and Explain)

n/a
