4. Project Description

(Completed in as much detail as possible.)

- a. The scope of the work to be accomplished is a detailed description of project activities.
- b. The benefit statement describes the advantages of the project as relates to the selected project category.
- c. The location of the project includes the name of the building, department, and/or specific location of where the project will be conducted on campus.
- d. List any departments you anticipate to be involved. Were any departments consulted in preparation of this request? Who? A listing may be attached to this form when submitted.
- e. Provide specific information on anticipated student involvement or benefit.
- f. Provide information for anticipated future operating and/or maintenance requirements occurring as a result of the proposed project.
- g. Provide any additional comments or information that may be pertinent to approval of the project funding request.

4a. Scope: Work to be accomplished

To reduce the amount of waste created from student held events on campus, such as tailgating. This will offer a stipend to student group/organizations for their participation. Via a commitment/agreement document, the group will agree to meet the recycling needs and be compensated for their time.

4b. Scope: Benefit Statement

Reduction in waste created from student events and diverting the waste from the landfill. The public likes to recycle and these events are open to the public, thus, offering the community a glimpse at what MTSU is doing to be a good steward towards the community. The action also generates goodwill among community attendees, sets a good example and is the correct thing to do.
