## MTSU Clean Energy Initiative Project Funding Request

There are five (5) sections of the request to complete before submitting. See <http://www.mtsu.edu/~sga/cleanenergy.shtml> for funding guidelines. Save completed form and email to [cee@mtsu.edu](mailto:cee@mtsu.edu) or mail to MTSU Box 57.

1. General Information	
Name of Person Submitting Request Emily Madison	
Department/Office College of Education - Dean	Phone # (Office) 615-898-5327
MTSU Box # 93	Phone # (Cell)
E-mail <a href="mailto:emily.madison@mtsu.edu">emily.madison@mtsu.edu</a>	Submittal Date 9/30/2024

2. Project Categories (Select One)	
Select the category that best describes the project.	
<input checked="" type="checkbox"/> Energy Conservation/Efficiency	<input type="checkbox"/> Sustainable Design
<input type="checkbox"/> Alternative Fuels	<input type="checkbox"/> Other
<input type="checkbox"/> Renewable Energy	

3. Project Information
<p>a. Please provide a brief descriptive title for the project.</p> <p>b. The project cost estimate is the expected cost of the project to be considered by the committee for approval, which may differ from the total project cost in the case of matching funding opportunities. <b>Any funding request is a 'not-to-exceed' amount. Any proposed expenditure above the requested amount will require a resubmission.</b></p> <p>c. List the source of project cost estimates.</p> <p>d. Provide a brief explanation in response to question regarding previous funding.</p>
3a. Project Title LED Lighting for Classroom - COE 107
3b. Project Cost Estimate \$1320
3c. Source of Estimate Construction & Renovation (Terri Carlton)
3d. If previous funding from this source was awarded, explain how this request differs? N/A

**4. Project Description**

(Completed in as much detail as possible.)

- a. The scope of the work to be accomplished is a detailed description of project activities.
- b. The benefit statement describes the advantages of the project as relates to the selected project category.
- c. The location of the project includes the name of the building, department, and/or specific location of where the project will be conducted on campus.
- d. List any departments you anticipate to be involved. Were any departments consulted in preparation of this request? Who? A listing may be attached to this form when submitted.
- e. Provide specific information on anticipated student involvement or benefit.
- f. Provide information for anticipated future operating and/or maintenance requirements occurring as a result of the proposed project.
- g. Provide any additional comments or information that may be pertinent to approval of the project funding request.

**4a. Scope: Work to be accomplished**

Replace the overhead bulbs (fixtures if needed) in Classroom COE 107 with LED bulbs.

**4b. Scope: Benefit Statement**

This would make the lighting more energy efficient as well as brighter for students.

<b>4. Project Description (continued)</b>
<p>4c. Location of Project (Building, etc.) College of Education Building - Classroom 107</p>
<p>4d. Participants and Roles Facilities Services, possibly Engineering Services?</p>
<p>4e. Student participation and/or student benefit This classroom is used by COE students for multiple classes each week, of course. However, in just this fall semester, it is also being used for History, RIM, and MALA classes as well.</p>
<p>4f. Future Operating and/or Maintenance Requirements Light bulb replacement would be required in the future. However, the frequency would be decreased from current maintenance because of the longer lasting LED bulbs.</p>
<p>4g. Additional Comments or Information Pertinent to the Proposed Project</p>

**5. Project Performance Information**

Provide information if applicable.

- a. Provide information on estimated annual energy savings stated in units such as kW, kWh, Btu, gallons, etc.
- b. Provide information on estimated annual energy cost savings in monetary terms.
- c. Provide information on any annual operating or other cost savings in monetary terms. Be specific.
- d. Provide information about any matching or supplementary funding opportunities that are available. Identify all sources and explain.

5a. Estimated Annual Energy Savings (Estimated in kW, kWh, Btu, etc.)

5b. Annual Energy COST Savings (\$)

5c. Annual Operating or Other Cost Savings. Specify. (\$)

5d. Matching or Supplementary Funding (Identify and Explain)
